

EMPLOYEE ADDITIONAL

**ADD MORE
FOR YOUR
TOMORROW**

Making extra contributions is a great way to boost your retirement savings. The more you save, the more interest you will earn through compounding and the quicker your funds will grow so that you can enjoy the retirement you want.

Benefits

- Zero fees & taxes
- 5.6% avg interest (last 3 yrs)
- Choose where to pay additional - GA and/or PA
- Invest with Fiji's biggest financial institution
- Grow your funds quicker

Who can apply?

Compulsory members can pay more than the mandated 5% employee contribution through additional contribution.

Whether it is through a consistent deduction from your salary, or lump sum payments from a bonus, your personal savings or income from an alternative source, you can now boost your savings.

The allocation of your additional contribution to your General Account (GA) & Preserved Account (PA), will also be up to you!

How can I add more to my savings?

Direct payment - You (or a third party) can pay any amount to your FNPf account at any time. There is no payment limit and no form to complete for this option. Any manual payment of \$10,000 or more will require a declaration for the source of funds.

Direct deduction through your employer - Your employer can deduct an approved amount from your salary on a weekly, fortnightly or monthly basis, depending on your pay cycle. You will need to complete the Employee Additional Contribution Form (EAC1 Form) and submit to your employer for verification.

Direct payment + direct deduction

Whilst you have the direct deduction arrangement in place, you can also walk through and deposit lump sums from your personal savings, a bonus, small business profit or from a loved one to your FNPf account.

Get the retirement you've always wanted through FNPf!
